

# ONLINE REGISTRATION

**WE'RE  
GOING  
DIGITAL!**

Say "Goodbye" to giant packets of  
back-to-school paperwork!

## ONLINE REGISTRATION IS COMING TO TSD9

### STEP ONE

#### ALL PARENTS MUST HAVE AN ACTIVE PARENTVUE ACCOUNT

ParentVue activation letters are being sent to all parents who do not have an active account. Please activate your account as soon as possible, then you will have access to all of your children and be ready for August 6 when online registration opens.

For those parents that already have an active ParentVue account and may have forgotten their password, go to <https://parent-tillamook.cascadetech.org/tillamook> and follow instructions for retrieving your information

### STEP TWO

#### ONLINE REGISTRATION & VERIFICATION! Beginning August 6, 2018

Tillamook School District is converting to an online registration system. New student registration and back-to-school updates for current students will be able to be completed online from any computer with internet access through the ParentVue portal. This portal will provide a more convenient way to update information and send required forms.

**Additional information will be mailed to you August 1 detailing this process.**

A new user-friendly, time-effective and streamlined process to register your children for school. Instead of encountering long lines and taking time from work or vacation, you can register your children from home!

If you'd like to take a sneak peak, go to the district website [www.tillamook.k12.or.us](http://www.tillamook.k12.or.us) and click on the **registration tab**.
